FAITH BRINTON

IT Programming Student

PROFILE

IT Programming student with over 10 years of combined professional experience across administrative, design, and customer-facing roles. Drawn to the field for its blend of logic, creativity, and problem-solving, I actively seek challenges beyond the classroom and am pursuing a summer co-op or internship to gain hands-on experience and grow alongside experienced professionals.

PROJECTS

METRIC-IMPERIAL CONVERTER | JS, HTML, CSS

Interactive web application applying input validation, functions, and conditional logic for accurate unit conversion.

LIBRARY BOOK SYSTEM | JAVA (OOP)

Implemented encapsulation and class-based design to manage book details, availability status, and user interaction.

HOTEL BOOKING SYSTEM | C

Menu-driven console application utilizing control structures, structured program flow, and data handling for room reservations.

CHOOSE YOUR OWN ADVENTURE GAME | JAVA

Object-oriented application using conditional branching, player state tracking, and inventory-based logic.

MICROCREDENTIALS

LINKEDIN LEARNING | CISCO NETACAD | CERTIFICATES

Java Object-Oriented Programming • CCNA - Introduction to Networks
HTML Essentials • Linux Essentials • Learning Linux Command Line
Learning Vim • WHIMIS • OH&S • Introduction to Artificial Intelligence
Introduction to Linux • Design Theory • Colour Theory • Adobe CC
(Ai, Id, Ps) • Excel Essentials Training

RELEVANT WORK EXPERIENCE

OFFICE ADMINISTRATION & BRANDING SUPPORT

All-In Precision Painting | 2021 - Present

Supported office operations and branding initiatives for a small business, assisting with digital organization, client documentation, and promotional materials.

- Maintained structured records and administrative workflows
- Contributed to branding assets and visual content
- Developed professional communication and problem-solving skills in a client-facing environment

Additional experience includes customer-facing roles as a waitress & barista (6 Yrs)
